On behalf of UBM India, I am delighted to welcome you to the 5th edition of OSH South India in Hyderabad.

Today, the growing alertness and need for occupational safety at a global level along with the increasing casualties at unsafe workspaces has accentuated the significance of occupational safety & health compliances amongst Indian companies.

A lot of transformation has taken place in the global labour force due to globalization and population growth. More than 80% of world's workers reside in the developing world and these countries share global burden of occupational disease and injuries disproportionately. The situation in India is worrisome with exponential industrial growth coupled with inadequate health care delivery system, lack of sanitation and prevalence of infectious diseases. India contributed 1.9 million cases (17%) out of 11 million occupational disease cases and 0.12 (17%) million deaths out of 0.7 million deaths in the world.

The situation is seeing a change for the better with the government's consistent emphasis on developing infrastructure and providing workplace safety. With the rise in investments in the sector, there lies a huge opportunity for the suppliers and service providers from across the nation and especially in the industrial hub of the South to showcase their product and solution offerings. Through OSH South India in Hyderabad, we provide the right platform to the industry to realise this opportunity.

This year too, we are glad to host leading companies from across the industry, showcasing latest offerings, providing you access to further strengthen your partnerships with businesses in the region.

OSH South India 2018 will feature a two day conference on the significance and business benefits of investing in the health and safety of the workforce and in turn, the health of an organization and the economy at large. UBM India has strategically tied up with prime organisations such as the International Power Access Federation (IPAF) that will hold an intensive two-day workshop while the Bureau of Indian Standards (BIS), Ministry of Consumer Affairs, will hold a workshop along with the main conference on Day 2.

We sincerely thank our associations, Safety Appliances Manufacturers Association (SAMA), IPAF, NEBOSH and Indian Technical Textile Association (ITTA) for their unstinted support to the show.

I would like to wish all the Hall 3s and visitors at OSH South India 2018, an unparalleled experience and a successful show!

Yogesh Mudras,
Managing Director
UBM India Pvt Ltd

Money talks.

**But we help you
start the right
conversations.**

Having a team of experts working for you is good.
But it's the synergy between our experts and platforms
that creates real magic for you.

It's good to be a business with offices around the
world. It's better being a multinational that delivers
success to businesses the world over.

We cater to 18 verticals – from pharma to jewellery,
and nuclear energy through **25 exhibitions,**
40 conferences, 6 awards, and 5 publications.

We don't just connect you to your market.
**At UBM we start the conversations
that enable your business.**

UBM

India's Leading Exhibition Organiser

About OSH South India

OSH South India provides a unique platform for safety professionals in the booming industrial hubs and corporate houses in South India to network with industry stalwarts and gain knowledge on the latest developments in the space of Occupational Safety & Health. Notably, as a strategy to get the show closer to the end users by rotating it across key cities of south India, the 5th edition of Occupational Safety & Health (OSH) India is being organized at the Hitex Exhibition Centre, Hyderabad on 28th and 29th June 2018 for the first time since its inception. This will help exhibitors intensively tap newer markets in the zone.

South India's biggest occupational safety & health event, OSH South India expo aim to bring together internationally renowned exhibitors, consultants, business experts and key government officials on an industry platform to exchange global best practices and seek solutions for challenges pertaining to workplace safety and health. The event showcases the latest updates, legislation, safety workshops, products and services by the top leading safety and health experts from the globe.

OSH South India will be visited by professionals such as Safety Managers, Consultants, personnel from Defence Establishments, Disaster Management Experts, Distributors and Manufacturers Of Health & Safety Products, Electrical Contracting/ Engineers, Facility Managers, Logistics Professionals, Municipal Authorities, System Integrators and Town Planners especially from the industrial hubs of Andhra Pradesh, Telangana, Karnataka and Tamil Nadu. The show is well-supported by reputed associations such as Safety Appliances Manufacturers Association (SAMA), IPAF, NEBOSH, Indian Technical Textile Association (ITTA) and many other safety consultants

On behalf of Safety Appliances Manufacturers' Association, I congratulate UBM in organizing this 5th edition of OSH South India in Hyderabad. It is indeed a great platform for all the stalwarts of the safety industry to come together and exchange viewpoints and ideas on how to improve the safety scenario in the country.

At SAMA, our mission is to develop and evolve our country as an eminent hub in the world for manufacturing world-class safety gear. We also strive to spread awareness on the usage of certified safety appliances by educating all the stakeholders across India.

SAMA endeavors to collaborate with public and private sector industrial space along with government bodies in India. This will help in addressing not only the safety concerns at workplace but also in ensuring complete implementation of safety regulations.

At OSH Hyderabad, we look forward to a fruitful interaction between safety professionals of the industry to gain knowledge on the latest developments in the field of Occupational Safety and Health.

I wish UBM India and the OSH team all the very best for this exhibition.

Mr. Hemant Sapra

President

(Safety Appliances Manufacturers' Association)

On behalf of Indian Technical Textiles Association (ITTA), I congratulate UBM India in organizing this 5th edition of OSH South India in Hyderabad. It is indeed a great platform for all the stakeholders of the safety industry to come together and exchange viewpoints and ideas on how to improve the safety scenario in the country.

At ITTA, our mission is to develop and evolve our country as an eminent hub in the world for manufacturing world-class Technical Textiles products & technology. We also strive to spread awareness on the usage of certified safety products by educating all stakeholders across India.

ITTA endeavours to collaborate with public and private sector industries in India to address not only the safety concerns at workplace but also to ensure complete implementation of safety regulations. At OSH Hyderabad, we look forward to a fruitful interaction with safety professionals of the industry to gain knowledge on the latest developments in the field of Occupational Safety and Health.

I wish UBM India and the OSH team all the very best for this exhibition.

Dr. Anup Rakshit

Executive Director
INDIAN TECHNICAL TEXTILE ASSOCIATION,

Messages

It is a great pleasure for IPAF the International Powered Access Federation to support the OSH India event in Hyderabad and Mumbai this year.

From our experience of attending the OSH India events I have seen the growth of safety professionals throughout India. The OSH India event is a fantastic platform for safety professionals to gain knowledge and experience visiting exhibition stands and attending the conferences set out. The exhibition has developed a very good safety culture.

For IPAF the OSH events we have attended over the past 2 years have been very professional and a credit to UBM and the team for making this happen.

IPAF are a not for profit organisation who focuses on safety when working at height using Manlifter (MEWPS) Mobile Elevating Work Platforms. Im pleased to say that now we have IPAF approved training centres delivering international standard operator courses. For further information please visit

Our drive and focus in India is to develop safety and educate, Managers and MEWP operators to reduce the risk of accidents occurring.

Thank you again to UBM and the team.

Best Regards
Jason Woods

It gives me great pleasure to welcome you all to the 5th edition of OSH South India in Hyderabad.

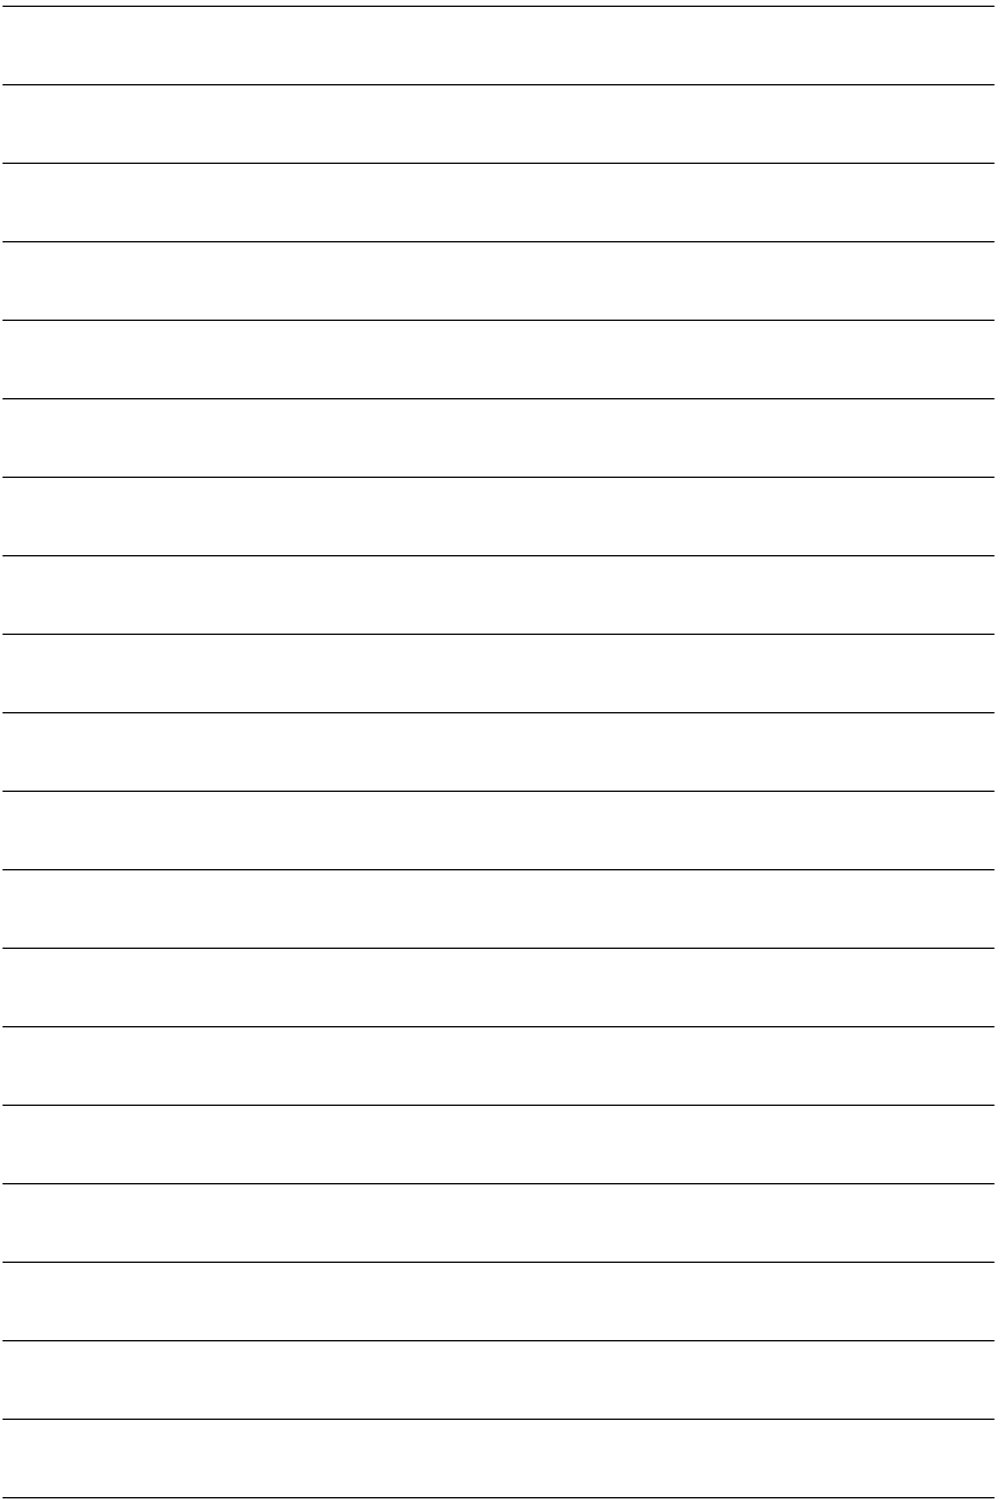

After successfully organizing four editions in Chennai, OSH South India is being brought to Hyderabad to get the show closer to the consumers in South India, as part of the overall strategy to rotate it across several key South Indian cities. Needless to say, OSH South India provides an exclusive platform for the leading players in the occupational safety and health industry to tap into the growing South Indian market and aims to bring together renowned Indian and international exhibitors, consultants, business experts and key government officials on an industry platform to exchange global best practices and seek solutions for challenges pertaining to workplace safety and health.

We expect OSH South India to be visited by 3,000+ professionals such as Safety Managers, personnel from Defence Establishments, Disaster Management Experts, Distributors and Manufacturers Of Health & Safety Products, Electrical Contracting/Engineers, Municipal Authorities, System Integrators and Town Planners especially from the industrial hubs of Andhra Pradesh, Telangana, Karnataka and Tamil Nadu.

This year 60+ brands are showcasing their latest safety products and solutions. These include Udyogi, the Gold Partner-Acme Safetywear, Gas Detection Partner-Draeger, Badge Partner-Midas Safety, Registration Partner-Processmap, Safe Escape Partner-Prolite, Aluminium Scaffolding Partner-Sagar Asia, Lanyard Partner- Unicare Fire Safety and Key Branding Partner- Victor Imports.

The show is well-supported by reputed associations such as Safety Appliances Manufacturers Association (SAMA), International Powered Access Federation (IPAF), and the Indian Technical Association (ITTA).

OSH South India 2018 will also feature a two day conference including workshops focusing on the significance and business benefits of investing in the health and safety of the workforce and in-turn, the health of an organization and the economy at large. We hope your experience at OSH South India this year is going to be as exciting and useful as always and we look forward to seeing you back next year.

Pass your safety audits with flying colors!

Safety training is an important aspect for the Safety audits conducted during OHSAS18001, ISO14001, GMP FDA, PESCO certification. However contract workers safety training is always a weak link during these audits. STK , which is a Safety Training Kiosk helps automating the safety training process and creates a strong audit trail with the photograph & fingerprint (biometric) of the person being trained.

- Strong audit trail due to biometric
- Multiple language selection
- In-depth Evaluation
(including illiterate workers)
- Auto email reminders to contractors
for due trainings
- 100 % training coverage
- Customizable content

More than 200 + successful installations..

Chief Guest: Mr. Ahmed Nadeem, IAS, Commissioner of Labour, Govt. of Telangana*

Vote of thanks: Mr. Pankaj Jain, Group Director, UBM India

11.00-12.00 : **Session1**: Challenges in Implementing Laws and legislation Related to OSH in Construction Industry (panel discussion) Discussion Points:

- The working environment in India is more complicated as compared to industrialised nations, with laws and legislations varying with states and difficulties in monitoring their execution by all concerned.

Conference Agenda

- The National Policy on Health, Safety and Environment at Workplace is yet to be seriously implemented.
- The purpose of legislation is to extend OSH coverage to all industrial sectors within India, spread awareness on OSH among key stakeholders, and also to include occupational health as part of primary healthcare programs.
- Efforts need to be accelerated to improve data collection and statistics on occupational health and safety incidents and also to create a safe and health environment through defined rights, duties and responsibilities to all concerned and by prioritising prevention of such incidents in future.

Panelists:

- B Karthik, Founder, Orion Transcenders (moderator)
- Rangarao Vuppu, Director, Varaanga Engineers Pvt. Ltd.
- Appireddy Srinivasa Reddy, EHS Head, L&T Ltd
- G J Rao, AVP – Safety, My Home Industries
- Tata Ravikumar, Head-Safety, AECOM
- Dr. L. Govinda Rao, President, Sri Gopikrishna Infrastructure Pvt. Ltd.
- Kirti Dutt Kotipalli, Sr Safety Engineer, GMR Airport Developers Ltd.
- Arun Subramanian, GM – HSE, NIST

12.00-12.20: Session 2: Implementing OSH Best Practices in the Construction Industry □ G. Madhava Kumar, Cluster EHS Manager, L&T-ECCD

12.20-12.30: Session 3: Partner Presentation: Communication to ensure Safety, Efficiency & Productivity □ Madhu Nair, Regional Head – South, Motorola Solutions

12.30-13:00: Session 4: Changing the Mindsets in Cement Manufacturing Regarding OSH (speaker session)
• Dr. Anil Kumar Trivedi, Corporate Head – SHE and Sustainability, Orient Cement Limited

13.00 - 14.00: **Lunch and Networking**

14.00 - 14.45: Session 5: Accident Prevention: Risk Assessment and Control Strategies (speaker session)

Speakers:

- R. Shankar, VP & Corporate QSHE, Sustainability & Business Excellence Head, Tata Projects
- Durga Prasad Dora, Head of the Group(HOG) - Corporate Quality & In Charge -HSE, TPSC India
- Naresh P. Trivedi, Head EHS - SSP Division, Coromandel International Ltd

14:45 – 15:00: Session 6: Partner Presentation by ProcessMap 1

5.00 - 16.00: Session 7: How Implementing the Right OSH Strategy Benefits Organisations (panel discussion)

Discussion Points:

- Most owners consider health and safety to be primarily the responsibility of the employees themselves and unfortunately without access to any kind of formal training

on OSH, the overall awareness levels in this sector are low. No wonder a very high incidence of chronic health problems amongst workers is reported from India.

- It is imperative upon all key stakeholders to effectively communicate the cost-benefit ratio of adopting best practices in OSH to various industries.
- Some of the factors that can motivate organizations to invest in OSH best practices are: increase in productivity through availability of a healthy workforce; reputation enhancement; adherence to local laws and regulations and hence avoidance of punitive action from government bodies; and increased customer satisfaction. Panelists:
 - Ugandhar Phani Varma, Managing Director, Center for Health Safety & Environment (moderator)
 - B. Sateesh, Sr. Manager – Safety, Hindustan Aeronautics Ltd.
 - Lakshmi Narasa Raju. P, HSE Training Lead, CCIC, Abu Dhabi
 - Ganapathi Srinivasan, HSE Head, Train N Save
 - Swapan Kumar, Member Advisory Board at SDG Foundation
 - B Seshu Babu, DGM – EHS, AECOM
 - Shahzed A. Lehry, Director, Ceasefire Extinguishers & Systems (India) Pvt Ltd
 - Gaissani Prashanth, EHS Lead, MYK Laticrete India Pvt. Ltd.

Conference Agenda

16.00-16.30: Tea Break and Networking

16.30-16.50 : **Session 8:** Safety Best Practices for a Renewable Power Generation Facility (speaker session)

- Suranjan Sarkar, Head QC and Quality Systems, Mytrah Energy
- **16.50 – 17:05: Session 9:** Changing Workspaces and their Impact on Employee Health (speaker session)

- Dr. Reena Valecha, Head-Workspace & Ergonomics Research, Godrej Interio

17.05-17.30: **Session 10:** Accident Prevention: Behavioral Based Safety, going Beyond Risk Assessment & Control Strategies (speaker session)

- N. Gopalakrishnan, General Work Manager – Patancheru Plant, Asian Paints Ltd

END OF DAY -1

OSH South India 2018 Conference Hitex Exhibition Centre, Hyderabad June 28 & 29, 2018

Agenda Day 2, Friday, June 29, 2018

09.45-10.30 - Tea and Networking

10.30-12.00 Session 1: Workshop on 'Indian Standards on Occupational Safety and Health' – By Bureau of Indian Standards

1. Presentation Covering PPE Aspects – B. Sandhya, Scientist-D, BIS - 1 hour
2. Q&A – ½ hour

12.00 - 12.50: Session 2: Battling Occupational Hazards to Workers' Health (speaker session)

Speakers:

- Hitesh Lachhwani, Head EHS, Coca-Cola
- Dr. K. Mamallan, Manager-HSE, Quality & ISO, Chennai Petroleum Corp Ltd.

12.50 – 13.00: Session 3: Partner presentation: Latest Innovations in Fixed and Continuous Benzene Monitoring Technologies

- K. S. Chari, Regional Manager Middle East & South Asia, Ion Science Ltd.

13.00-14.00 : Lunch and Networking

14:00 – 14:20 : **Session 4:** Controlling Risks to Workers' Safety in Renewable Energy Facilities (speaker session)

- P Srinivas, Vice President – Group Quality, Greenko Group

14:20 – 14:30 : Session 5: Partner Presentation by Draeger

14.30 – 15.30 : Session 6: Ensuring a Safe and Hygienic Working Environment in the Pharma and Health Industry (panel discussion)

Conference Agenda

Discussion points:

- Pharmaceutical companies and laboratories are legally obliged to conduct regular health and safety risk assessments to identify any occupational hazards that might be present in the workplace and take steps to alleviate them.
- The role played by EHS professionals in ensuring industrial hygiene at workplaces.
- Creating an effective system for employees to report hazards and near misses.
- Employees on their part should also comply with the rules and regulations by following a few basic steps such as quickly clearing up all spillages, maintaining a tidy work area, frequently washing hands, wearing proper protective equipment, checking for anomalies in equipment being used, and labelling equipment properly.

Panelists:

- Tapas Saha, Vice President - EHS, Neuland Laboratories (moderator)
- V. V. Sasi Kumar, Dy CIF, Directorate of Factories
- Srinivasu M., GM - CHSE & Head – Sustainability, Hetero Labs Limited
- D.Damodaram Reddy, Head-EHS Digwal Facility, Piramal
- Ravi Sankara Reddy S., AGM –SHE, MSN Laboratories Ltd
- Dr. Nanda Kishore, Occupational Health Expert, Siemens India Limited
- Tapas Chakraborty, Head-EHS & Sustainability, GVK Biosciences
- Jayasurya Ande, Corporate EHS Head, Opatrix Laboratories and Optimus Pharma

15.30 – 16.00: Tea break

16.00 - 16.15: Session 7: Best Practices in the Use of Powered Access Equipment in the Construction Industry (speaker session) □ Jason Woods, Middle-East & India Representative, IPAF

16.15 -16.30 – Session 8: Standardising Industry Policies for Handling Hazardous Incidents (speaker session)

- Nandula Ramakrishna, Head- Quality Assurance & Inspection, Thermal Power Tech Corporation India Ltd.

* Participation is subject to confirmation.

END OF DAY -2

**V. V. SASI KUMAR**

Deputy Chief Inspector of Factories, Nalgonda, Telangana

He is presently serving the Factories Department of the Telangana State Government, as a Deputy Chief Inspector of Factories, Nalgonda, having 24 years of experience. He graduated in B.Tech –Mechanical Engineering from JNTU, Anantapur and has M.Tech in Production Science & Technology from IIT, Kharagpur. He also holds a Bachelor Of Law (LLB) from Kakatiya University, Warangal. He has presented project work related to Environmental Performance Indicators in the Cement Plants, as a part of the PG Diploma (Environmental Laws), at NLSUI, BANGALORE.

**B. SANDHYA**

Scientist-D, Bureau of Indian Standards

She is a Bachelor of Civil Engineering and Masters of Public Health and Environmental Engineering from Andhra University Visakhapatnam. She has more than 26 years of professional work experience comprising service in private and Govt organizations. It includes 18 and half years of experience in Bureau of Indian Standards and around 10 years of Industrial field experience in Certification Marks Licensing Experience and 9 years in Standards Formulation.

She has majorly worked for Cement, Steel, Plywood, Packaged Drinking Water, Cylinders Industries in Andhra Pradesh during 1999 to 2009.

She is the Member Secretary of various technical committees of BIS working for formulation of Indian Standards in the field of Environmental Management, Environmental Protection, Occupational Health and Safety and Waste Management. She is an active member of many of technical committees of ISO for formulation of ISO standards. Technical committees of BIS are actively engaged in both national and international standards formulation activities under her secretariatship.

Working for emerging subjects 'Carbon Footprint', 'Water Footprint', 'Environmental Labelling', 'Greenhouse Gases', 'Carbon Capture and Storage', 'Environmental Management Systems', 'Occupational health and safety Management systems', 'Personal Protection Equipment' are subjects of her passion more than the profession.

Conference Agenda

DR ANIL KUMAR TRIVEDI

Corporate Head – HSE and Sustainability, Orient Cement Limited

He has more than 16 years of experience of Environment, Safety & Sustainability in Cement industries with exposure in Indian and MNC companies. Further he has experience in identification & management of complicated HSE issues, including globalization effects; improving productivity and image of organization by formulations and proper adherence to HSE procedures & standards. He has been dealing with MoEFCC/ PCB, Env. Legislation, Env. Clearance-EIA including Public Hearing, Env. Monitoring & Analysis of Air, Water, Soil & Noise, Waste Mgt., Pollution Prevention and Resources conservation, CEMS/ CAAQMS, Trainings/ Awareness on Env. & Safety. He has been conducting HSE inspections and audits, emergency mock drills & risk assessment as well as implementing the Health, Safety, Environment Management System through involvement of HSE plans and safe operating procedures.

APPIREDDY SRINIVASA REDDY

Head -EHS - S&D HMRP, Larsen & Toubro

He has been working in the Safety and Environmental Management of Infrastructure and industrial projects since 16 years. He headed HSE function of Delhi International Airport Construction from the year 2007 to 2010 and Bangalore International Airport from 2011 to 2014. He has worked in the implementation of Environmental and Safety Management Plans of Infrastructure Projects funded by the World Bank for 5 years in 17 Contracts and drafted HSE specifications for USAID and MDTF funded infrastructure projects in Sudan. He has also worked in preparation of Environmental Impact Assessment and Environmental Management Plans for the Infrastructure Projects as part of project appraisal report for World Bank Funding. He has imparted training on Safety and Environmental Management to different levels and types of audience.

SRINIVAS POPURI

Vice President - Group Quality, Greenko Energies Pvt Ltd

He has 22 years of industry experience and has held several Mid level and senior leadership positions with Aditya Birla Group, CII and PJRCES. He was Global Quality Head for carbon business of PJRCES where he was responsible for revamping entire quality management of the business vertical and training global teams. Prior to PJRCES, he worked with Confederation of Indian Industry (CII), interacted with leaders in various industry and worked on quality, environment, health and safety management systems. Prior to joining CII, he worked with Bureau Veritas, Hyderabad, as Lead auditor in QEHS systems and CDM validations. Has done 600+ man-days of 3rd party auditing in various sectors (power, steel, chemical, software, engineering and cement). Initially worked in Grasim Industry (A unit of Aditya Birla group) in various functions of operation and maintenance, TQM, ISO systems and Technical MIS. He is involved in community service (specially for children) and has hobbies such as listening to music and playing sports. He holds a Bachelor's degree in Mechanical Engineering from Poona University

Conference Agenda

TAPAS SAHA

Vice President - EHS, Neuland Laboratories Limited

Tapas Saha, did his B. Tech (Chemical), M. Tech in Pharmaceutical Technology from University of Kolkata, Advanced Post Graduate Diploma in Industrial Safety from Technical Examination Board, Gujarat, having more than 25 years rich experience in the field of EHS in Pharmaceutical & Chemical Industries, India & Abroad.

Currently he is working in Neuland Laboratories Limited, Hyderabad as Vice President- EHS. He also worked as Corporate EHS Head in Piramal Healthcare Limited. Mumbai. Prior to that he was in Jubilant Life Sciences & Wockhardt Limited.

Tapas is very well conversed with EHS of Pharmaceutical & Chemical Operations & its criticality with current trends in Pharma Industries Globally. Tapas having key expertise on Process Safety Management & Process Risk Assessment in chemical Industries. In his long professional carrier, he handled numbers of EHS project, develop Process Safety Management System of various hazardous operation, Industrial hygiene programme. His technical knowledge & practical approach on Chemical Process helped to develop EHS as an integral part of business & decision maker to bring a right kind process which is safe by design. In addition to safety he executes numbers of Zero Liquid Discharge (ZLD) projects successfully to treat waste water. He also implemented Carbon Foot Print & Offsetting Programme, Corporate Sustainability Reporting, involved in EHS Due Diligence, Audit & Training. A hard core Technical Person, Tapas is very much familiar with Environment Protection Act & Factories Act, ensure its implementation and compliance for sustainable business.

In addition to his professional responsibilities, he is Honorary President of Council of EHS Professionals, CEP, an NGO in the field of EHS which is engaged to provide a platform for EHS professionals to enhance knowledge in alienation with industries' requirement to compete globally.

SWAPAN KUMAR

Member of the EHS Advisory Board, SDG Foundation

Swapan was born in Orissa, India. He completed his B.S in Chemical Engineering from NIT-Rourkela, India in 1988 and proceeded to US for his MS degree. He graduated from University of Nevada, Reno in 1991 with a Major in chemical & metallurgical Engineering and Minor in Environmental Engineering. He received full financial support as Research Assistantship (RA) from the DoE, US government for his entire tenure of studies. He then returned to India and commenced a career in EHS management specializing in operational EHS, Environmental Management & Sustainability aspects in the project management and manufacturing field. His areas of interest are hazardous waste management, waste minimization and recycling, GHG reports and steps taken to reduce the same, waste water recycling and zero discharge. He has participated in various forums and technical session in the sustainability expert panel. He is invited as key note speaker in various sustainability seminars and conferences.

G J RAO

Head - Corporate Safety, My Home Industries

He has a total experience of 38 yrs in various organizations in Operations, maintenance & Safety. He has worked in the Indian Navy from July 1980 - August 1996 as Chief Engineer Mechanical. Then he worked with Inox India Pvt. Ltd as Shift-in-charge Operations for a Cryogenic Plant. He has also worked with Jindal Praxair Pvt. Ltd as Head Mechanical Maintenance, in GMR Energy Pvt Ltd as a Corporate Head EHS. Currently he is working as Corporate Head safety at My Home Industries. He holds a Degree in Mechanical Engineering, a PGD in Disaster Management, NEBOSH International General Certificate, IOSH certificate, Taproot Analysis Certification of UK and Train the Trainer CIEH of UK as well. He also holds 1st class boiler competency certificate issued by Govt. of Maharashtra Steam Boilers Association.

Conference Agenda

R. SHANKAR

VP & Corporate QSHE, Sustainability & Business Excellence Head,
Tata Projects

A Chemical Engineer from BITS Pilani, Mr. Shankar is also an MBA, Certified Quality Engineer, Lead Assessor in QSHE Management Systems, GRI & NEBOSH certified with over 30 years experience in Technology, Manufacturing, Projects, Quality Assurance, Environment, Health, Safety & Sustainability and Business Excellence. He has managed roles at Gharda Chemicals in Tech Transfer, Asian Paints in Manufacturing, Castrol in Quality & New Product Development, British Petroleum in HSSE, Project Construction of a Wind Farm partnering Suzlon, Essar Energy in HSEF /MR in Commissioning of a refinery and Integrated Management Systems at Essar Energy. He also worked with Dr Reddy's in Global SHE & Sustainability and Project manager partnering DuPont, Pfizer as Global SHE Lead. Global Brand Ambassador for Behavioural Based Safety implementation. He is a proud winner of Innovation in Business Continuity and Resilience award and Safety Professional of the year awardee by ASSE.

LAKSHMI NARASA RAJU. P

HSE Training Lead, Consultant & Partner, CHSE Hyderabad

He has total 32 years of national & International experience as Site Supervisor, Safety Officer, HSE Engineer, Sr. HSE Officer, Sr. HSE Training Officer and HSE Supervisor in Oil & Gas field (plant & pipe line construction), Infrastructure and building constructions. He has NEBOSH International General Certificate, OSHA OUTREACH SAFETY TRAINING Construction Industry Safety & Health Standards certificate, TRAIN THE TRAINER from CIEH, U.K, Diploma in Environmental Management & ISO 14000 / 14001, NILEM, Diploma in Industrial Safety, NILEM, Diploma in Fire and Safety Management, NILEM and Basic Rigging & Slings Certificate from Velosi Certification LLC, Doha, Qatar. His responsibilities include Coaching, leading, directing employees with the purpose to implement training programme and deliver trainings in various disciplines related to the construction, commissioning phases of the project development. He is also responsible for coordination of the training delivery at highest quality to support continuous improvement of the general HSE Management system in liaison with management and supervisory staff of different disciplines.

BOVINDALA GANAPATI SRINIVASAN, TECH IOSH PMP

Sr. HSE Advisor, Train N Save

He is responsible for HSE advice for Construction Industry, and for providing Safety management & documentation training for Supervisors Advisers & Managers. He also trains professionals for IOSH NEOSH, OHSAS, OSHA, and NDT courses and also for training & coaching on safe work procedures, and risk assessment. He is also responsible for internal auditing based on OHSAS 18001 2007 and associated documentation. He is a Masters in HSE Engineering and holds a certificate from National Exam Board of Occupational Safety & Health UK.

UGANDHAR PHANI VARMA. P ASP, M.TECH (ISE), B.TECH (EEE)

Managing Director & Founder, Centre for Health Safety & environment

He has more than 7+ years in Oil & Gas, Petrochemical, refinery and HSE consultancy. He has done his M. Tech Industrial Safety Engineering and has proficient knowledge in OSHA PSM, HAZOP, HAZID, FTA, designing of Fire protection systems based on NFPA standards, PHAST and in Construction safety. He also holds ASP (Associate Safety Professional) from Board of Certified Safety Professionals, USA, NEBOSH International General Certificate and IOSH Managing safety from Green world group. He is a strategic planner with competency in devising significant solutions, and implementing health safety management systems for maintaining sound environmental and safety conditions. He is proficient in conducting Safety Internal Audits, Risk Assessment & implementing various measures to achieve high safety in the organisation, promote HSE standards and develop various safety alerts and TBT/STARRT modules assessing the lagging (incidents) and leading (observations) indicators of the project.

Conference Agenda

B KARTHIK

Founder, Orion Transcenders

Karthik is a senior safety professional who has implemented Health, Safety and Environmental (EHS) systems and programmes in locations across four continents. After 27 years in EHS corporate profile, he started his own venture 'Orion Transcenders' with an objective to lead, coach, support and execute best practices that he implemented over 15+ years for EHS operational excellence in Americas/Europe/Australasia. Until April 2012, he was coordinating the Global EHS / Sustainability operations worldwide in the Transportation system / Aerospace SBG of Honeywell International. He has directly led multifunctional professional teams at more than 20 facilities across India, Pakistan & Indonesia being Regional Head at Monsanto. Karthik has expertise in EHS compliance program on SAP platform and is a Lean 6Sigma implementation expert with HSE focus. He is an MBA-Human Resources with exposure to best HR practices over 15 years.

SURANJAN SARKAR

Head - EHS, Mytrah Energy India Limited

He is an Environment, Health n safety Professional with 22 years experience in Corporate Environmental Policy analysis, Good Environment Management Practices for Industries, and in formulating SHE management by using effective tools like Environmental audit, IER , HIRA etc. He has also conducted Regional Carrying Capacity & Environmental Impact Assessment study, done carbon foot printing in specific industry, implementation of Green gas abatement techniques & CDM project, has established state-of-art environmental laboratory for environmental parameters testing & monitoring, done implementation & compliance of ISO 9001, 14001,18001 & SA 8000 systems and TPM. Further he has successfully conducted 14 Public hearings and supervised EIA studies, supervised Regional Carrying Capacity study with MoEF, first of its kind in Chhattisgarh and qualified two CDM projects under direct supervision.

HITESH LACHHWANI

National Head - Safety at Hindustan Coca-Cola Beverages Pvt. Ltd.

He is responsible for HSSE, Safety & Environment Sustainability, Manufacturing and Engineering operations at Hindustan Coca-Cola Beverages Pvt Ltd. In his previous profile he was responsible for all Engineering, Asset Care, Projects & SHE at one of the Strategic HUL manufacturing facility having major Expansion plans in 2012. He also drove Safety, Health & Environment excellence at manufacturing units, conducted audits & due diligence of own manufacturing units & third parties, ensured legal compliance against various EHS statutory requirements, did Environment Troubleshooting and provided support in preparing EHS strategy. Prior to this role, at Asian Paints he was responsible for ensuring compliance to all environmental legal and other requirements, liaising with Pollution Control Board and other regulatory bodies, implementation of environment management system (ISO 14001) & driving environment management programs. He has done his B.Tech from MNIT, Jaipur and PGDM in Logistics, Materials and SCM from National Institute of Industrial Engineering.

DURGAPRASAD DORA

DGM – EHS, TPSC (India) Pvt Ltd

His roles & responsibilities include Corporate Quality Assurance Management, Internal & External Audits, ISO (Environment & Occupational Health & Safety) Management, Endorsement of Project QA/QC Report and Standardization. He is also involved in support, development and implementation of organizational safety programs, review and update HSE Policies, Objectives & Targets, conduct risk assessment to detect potential Hazards and plan precautionary control measures. He is a BE and MBA in Operations, Lead Auditor and Tutor in ISO 9001:2015 (QMS), ISO 14001:2015 (EMS), OHSAS 18001:2007 (Health& Safety Management, Social Accountability Management System) SA 8000, ISO 50001, Energy Management System (EnMS) and has also successfully completed certification course on Industrial Hygiene and Course on "Safety at Construction Sites". He also has experience in audit of Quality, Environment, Occupational Health & Safety, Social Accountability and Energy Management system in Erection & commissioning Projects, Power Plants (Thermal & Combined cycle), Oil and Gas industries, Cement, Paper Engineering , IT Companies, Educational Institutions and Construction Sector.

Conference Agenda

GOPALAKRISHNAN NARAYANAN

Chief Manager – Quality Support, Asian Paints Limited

Mr. Gopalakrishnan Narayanan is a Post Graduate in Organic Chemistry from the Mumbai University having passed out in the year 1985 and also completed his Post Graduate Diploma in Business Management from the National Institute of Management, affiliated to Missouri University, in the year 1985, having specialization in Personnel Management.

Mr. Gopalakrishnan joined Asian Paints Ltd in the year 1987 and has worked in the Manufacturing functions of the architectural coating and Industrial/Automotive products. In 2008 he was transferred to the International Business in Supply Chain Function and was involved in driving efficiency across units. Post that he took up the role of the Chief Manager – Quality Support from January 2012. During this period, he drove the customer centricity agenda across all functions. In 2016 he took charge as the General Works Manager of the Hyderabad manufacturing plant which is having a capacity of 80,000 KL of paints per annum. The plant under the leadership of Mr. Gopalakrishnan focusses on the key pillars of Safety, Reliability, Cost and People to achieve its goals. Mr. Gopalakrishnan Narayanan is widely travelled. In his leisure time, he spends time socializing with friends.

NARESH P. TRIVEDI

Sr. Mgr – EHS, Coromandel International Ltd

He has a total experience of 18 years across India and abroad in the Chemicals, Construction, Cement, Petroleum and Fertilizers industries. He received Reliance JERP project certification for Excellent Safety Contribution, Certificate for the Best Turn Around Manager in SAFCO IV: 2009, S.A. Kentz recognized him for valuable contribution to achieve 3 million safe man hours. He also received the Ambuja Cement Achieved global leader award in Shut down management in 2012 for his contribution towards the safety stewards concept and also received Ambuja Cement Mines FEMI award (A national Award) for SAFETY in Mining industry. British Safety Council 5 star rating was received by him for the first time in 2005. He is a Mechanical Engineer with Diploma in Industrial Safety from RLI, IOSH (Institute for occupational Safety & health – London) Diploma and is currently pursuing Management Degree in Logistics management.

KIRTI DUTT KOTIPALLI

Sr. Safety Engineer, GMR Airport Developers Ltd.

He is currently working with GMR Group, as part of GMR Airport Developers Ltd in the capacity of a Sr. Safety Engineer. A BE Mechanical Engineering graduate, he is an enthusiastic and self-motivated professional with more than 5 years of experience as an HSE expert. He started his career as a Design Engineer with a Structural Design Company and switched career role as an HSE Coordinator.

DR. REENA VALECHA

Workspace & Ergonomics Research Cell, Godrej Interio

She is an Occupational therapist & Certified Ergonomist by profession with a strong background of clinical expertise in orthopedic domain. Presently she is associated with Godrej Interio, as an Ergonomic Specialist on Preventive approach on Work related musculoskeletal problems, occupational health and office ergonomics. She has a rich experience of 8 years in the field of ergonomics, studying employee behavior with changing workspaces and providing insights on improving employee health, wellbeing and organizations productivity. She has interacted and worked closely with EHS professionals, medical team & facility managers in various organizations to identify the challenges faced by users in the modern workplace & find solutions for the same with the product designers

She has been driving research with users of products of Godrej Interio and helping the design team in developing ergonomic products applying Indian Anthropometric Data. She is being working extensively with healthcare givers and patients and has helped develop specifications for products that are uniquely poised for the Indian medical fraternity and patients. Also, has been working closely with Indian Association of Occupational Health, giving insights into how workspaces are changing today, how work cultures are changing and its impact on health and productivity of employees.

She was nominated among the 100 Women Achievers in India by Ministry of Women & Child development for her efforts & dedication in creating healthy workspaces & educating young workforce of India. She is a Certified Group Fitness Exercise Professional by American Council of Exercise and Certified OSHA Compliant in Healthcare Ergonomics Training. Her area of study and research include Ergonomic Quotient of office spaces, Ergonomics and Office Wellness, Assessing and Recommending Right Chair for job profiles and Assessor for Correction of Work-place layouts and creating awareness about MSDs.

Conference Agenda

PRASHANTH G

EHS Lead, MYK Laticrete India Pvt Ltd

He is a safety professional with more than eight years of overall experience in the areas of EHS Lead, Trainer, Plant Engineering roles in Industrial Building & Chemicals, Oil Storage, Construction, Renewable energy and EPC sectors. A Certified safety Professional with ADIS, MBA HSE, NEBOSH IGC, IOSH, OHSAS 18001:2007, ISO 14001 qualifications. Previously he has been an HSE trainer with Nuevosol Energy Pvt Ltd. and ADHOC Institute of Fire and Safety Engg Pvt Ltd.

DR.K.MAMALLAN

Manager (Safety, Health, Environment & Quality) & ISO, Chennai Petroleum Corporation Ltd

He has a total experience of 18 years across India and abroad in the Chemicals, Construction, Cement, Petroleum and Fertilizers industries. He received Reliance JERP project certification for Excellent Safety Contribution, Certificate for the Best Turn Around Manager in SAFCO IV: 2009, S.A. Kentz recognized him for valuable contribution to achieve 3 million safe man hours. He also received the Ambuja Cement Achieved global leader award in Shut down management in 2012 for his contribution towards the safety stewards concept and also received Ambuja Cement Mines FEMI award (A national Award) for SAFETY in Mining industry. British Safety Council 5 star rating was received by him for the first time in 2005. He is a Mechanical Engineer with Diploma in Industrial Safety from RLI, IOSH (Institute for occupational Safety & health – London) Diploma and is currently pursuing Management Degree in Logistics management.

TATA RAVIKUMAR

Chief – Safety, AECOM India Pvt. Ltd

High level assignments in Safety Assurance/ implementing safety in Construction of Metro Rail, Power Plants, High Raised Buildings, Tall structures, Roads and processing industries. Protecting the people and property from the accidents and the damages. He is presently working in Pune Metro Rail Project as Chief Safety in association with M/S AECOM India Pvt. Ltd. In his previous role he worked in Hyderabad Metro Rail Project in association with M/S Feedback Infra Pvt Ltd. & AECOM JV as Sr. Manager – Safety. He has also worked in AFCONS INFRASTRUCTURE LIMITED as CHIEF SAFETY in Cut and Cover underground tunneling and station in the Chennai Metro Rail Project. His key responsibilities include implementing the corporate HSE policies and safety standards, organizing safety work permit system for all hazardous works, conducting Safety Induction Program to all employees, carrying out accident investigation and remedial measures and conveying them to the concerned department to avoid recurrence. He is also responsible to develop various safety documents like Safety Reports, Site Emergency Plan, Safety Manual, Company Safety Standards, various safety check lists and permits, for development of training modules on various safety topics, providing classroom training to workers, supervisors and managers, ensuring safety of personnel by creating awareness of the usage of PPE and conducting safety committee meetings and following up for rectification or removal of any unsafe acts / conditions.

DR. L. GOVINDA RAO

President, Sri Gopikrishna Infrastructure Private Ltd

Dr.L.Govinda Rao is an alumni of XLRI and Ph.D. from JNTU, and study fellow of NISW, London, with 40 years' experience in development and corporate sectors involving Delivery of services, Development of Models, Processes, Standards, Projects, Human Resources & Institutions, Discovery of issues, concerns, needs, solutions including innovative and new initiatives, Documentation and Dissemination. In development sector, he created value by promoting nearly 2000 NGOs, 300 Parent Associations and 180 Disabled Persons Organizations (DPOs) through capacity building, communication programs to raise awareness and talent development. He is an International Development Professional, CSR Consultant, Capacity Building expert, and Diversity and inclusion consultant.

Presently, Dr. Govinda Rao is the President of Sri Gopikrishna Infrastructure Private Ltd., Hyderabad. SG IPL, a new age infrastructure development company, has a vision of becoming a leader of delivering quality services towards Nation building with a mission to build electrical transmission & distribution system, bridges and roads and other infrastructure projects deploying state-of-the-art technology for excellence in performance. SG IPL has been ISO certified company in Quality, Environment and Health and Safety. It is currently executing 30 Power Distribution Projects in the States of Bihar, Chhattisgarh, Jharkhand and Uttar Pradesh and has five PSC Pole Manufacturing and two fabrication units.

Dr. Govinda Rao was Director of National Institute for the Mentally Handicapped, Hyderabad, and National Institute for Empowerment of the Persons with Multiple Disabilities, Chennai, Government of India. He was a member of Working Group of Planning Commission for 9th, 10th and 11th Five Year Plans, member on S&T Mission Mode. Prior to this, as HR and OD professional, he held senior management positions in central public sector undertakings for nearly two decades. After superannuation from Government of India service, he worked as Lead Partner & Head, Medical Research and Training in Byrraju Foundation for nearly three years.. Dr. Rao is an advisor to many CSR and Non-profit organizations (voluntary organizations). He holds the position of Hon. Chairman & CEO, Matrix Institute of Development Studies, Hyderabad and Hon. Board Member and Mentor of Manasa Institute of Child Health and Disability Studies, Hyderabad. He believes strongly and work intensively in promotion and development of learning and community resource institutions in rural areas aiming at realization of MDGs and now Sustainable Development Goals. Dr.Govinda Rao was a member on the Government of India's High Power Committee for drafting the Rights of Persons with disability Act 2016. He had supported the committees which drafted Rehabilitation Council of India, 1993 and National Trust for Persons with Mental Retardation, Autism, CP and Multiple Disabilities Act, 1999. He is a visiting faculty of JNTU-H, Dr.BRAOU, NIRD, member on the Editorial Board of Edutracks – A monthly journal on education - and of Journal of Community Guidance & Research (4 monthly journal), Technical Consultant to Parivaar (National Confederation of Parent Associations of Persons with IDD).

Dr. Govinda Rao has made practice, teaching and research of rights, inclusion and empowerment of disadvantaged, development management and leadership his life's work. Author of several well-recognized books, he published many research articles in international and national journals of repute. He has contributed immensely in conceptualization and development of Master, Bachelor and other long term programs as well as Continuing Rehabilitation Education in Disability sector.

**SRINIVASU M**

Hetero Labs Limited General Manager - CHSE

He is the Head Corporate HSE for formulation units across India and is also Head - Sustainability for Hetero Group of companies. His responsibilities include coordinating for EHS governance mechanism, Environment systems and Integrated Management System, Developing, Training and Implementing standards for Sustainable Environment, Health and Safety management programs. He has 21 years of experience in the areas of Environment Health & Safety and Environment Management System, is proficient in Process Safety, Fire Safety Management, Behaviour Based Safety and Industrial Hygiene monitoring, and Sustainability reporting. He is an expert in commissioning of Environment Systems like Zero Liquid Discharge Plant, Waste Minimisation techniques and Waste recycle techniques. He did his M.Tech. (Environmental Engineering) from Vinayaka Mission Research Institute in Chennai and also holds an Advanced Diploma in Industrial Safety from Maharashtra State Board of Technical Education and PG Diploma in Environmental Studies from Andhra University, Visakhapatnam.

KS CHARI

Regional Manager Middle East and South Asia, ION Science Ltd (UK)

He has 32+ years' experience in various industries from Liquid Paint production, Pharma QC and has finally settled in industry for Marketing of Scientific and Monitoring equipment since 1990. Major part of his career so far, was with SHIMADZU Group (1990-2013) and joining Shimadzu India and was serving as General Manager with Shimadzu Analytical (India) Pvt. Ltd. He joined ION Science Ltd., UK as Territory Manager South Asia, in the year 2013 and was promoted to Regional Manager (Middle East and South Asia) in the year 2016. ION Science UK are very wellknown manufacturers of VOC monitors with state of the art PID sensors. He has given guest lecture on GC and IR techniques in Capacity Building projects of World Bank for MOHFW during Jan 2004-June 2008 at NIPER, Chandigarh. He has also delivered guest lecture on Fugitive Emissions and LDAR monitoring in Oct' 2015 at HPCL, Mumbai and a guest lecture on VOC Monitoring and Management organised by ONGC in technical Collaboration with CPCB in Aug 2017 in Chennai.

**RANGA RAO VUPPU**

Director, Varaanga Engineers Pvt. Ltd.

He is a B.S. (Engg. Technology) From Birla Institute of Technology and Science (BITS) Pilani, India and also has a Diploma in INDUSTRIAL SAFETY From State Board of Technical Education & Training, Odisha, India. He also did his Executive Management Program from McIntire School of Commerce, University of Virginia. In addition, he is the Lead Auditor: OHSAS-18001 Occupational Health & Safety Assessment Series -18001 From Confederation of Indian Industry (CII). Currently he is serving as the Director at Varaanga Engineers Pvt. Ltd., Hyderabad. Prior to this he has worked as GM (Corporate-HSE) at SEW INFRASTRUCTURE LTD, Hyderabad. He is also the visiting faculty at National Institute of Construction Management and Research (NICMAR) & National Academy of Construction (NAC). He is a competent person Under Factories Act & Rules for Testing and Certification of Lifting Machines and Pressure Vessels. He has won the Suraksha Puraskar (2 times) – from National Safety Council of India and Vishwakarma Award – from Construction Industry Development Council, India.

Conference Agenda

B. SATEESH

Sr HSE Manager, Hindustan Aeronautics Ltd

He is an Environmental, Health & Safety Professional with nearly 15 years of successful career with organizations of high repute. He is excellent at creating & reporting monthly Health, Environment & Safety (HSE) statistics to the management and assessing risk & reviewing at workplace. He has insightful knowledge of HSE regulations, international practices, codes, standards and industry best practices. A keen planner with competency in devising significant solutions and implementing health & safety management systems for maintaining sound environmental and health & safety conditions Experienced in devising optimal solutions, leading day-to-day production/manufacturing operations for making effective utilization of man, machine, method & materials. He has delivered trainings in safety to over 5000 employees including contractual persons on Fire and Safety Awareness and Legal Compliances.

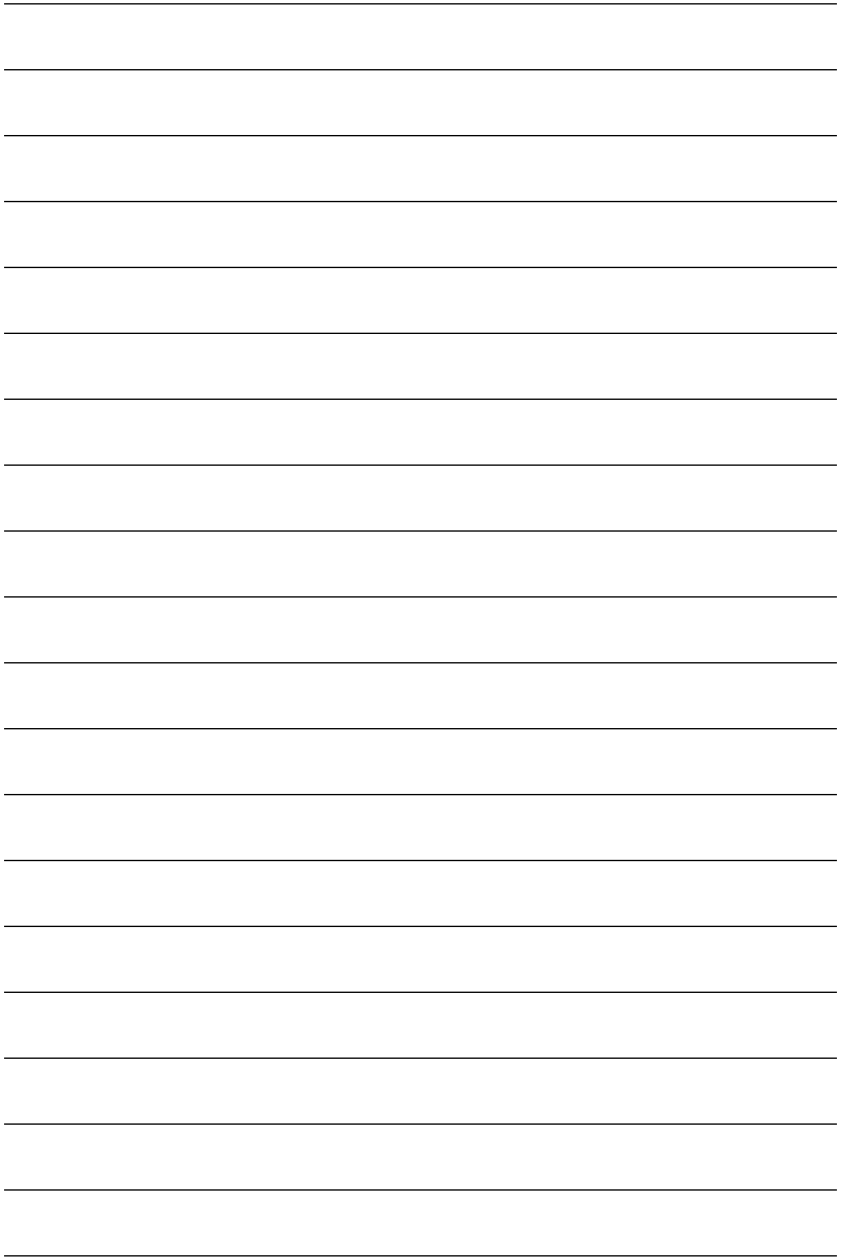

SHAHZED A. LEHRY

Director, Ceasefire Extinguishers & Systems (India) Pvt Ltd

Shahzed A. Lehry has been working in the capacity of HSEF consultant and CEO at Ceasefire Extinguishers and Systems. He is certified by Nebosh in safety with a diploma in fire engineering, and BSI in energy management. He is also a first aid specialist and a black belt in martial arts from Japan. He is currently working on smart and green projects thus contributing towards a surakshit Bharat.

Mr. Lehry is also actively associated with CIDC New Delhi, IGBC, OSH India, ROTARY, NSC, FSAI (national committee) government relations and is a popular speaker and panelist at various forums of the industry .

Recently Shahzed was honoured for building transformational partnerships towards sustainable development goals (SDG) and has won several awards and credits towards the hard work done by him and his team in his long carrier spanning over 2 decades.
