16.10 – 17.10	<p>Making Workplace Safety a Priority: The Top-Down Approach (panel discussion)</p> <p>When the incident rate is low, one can assume all is well with safety and focus precious time on other priorities. While there are many steps to build an effective safety culture, one where safety is truly a priority, a first step is to change the way safety is measured. Using the top-down approach the safety message is drilled down to lower-level employees further down the chain. In this way, the safety message filters down through the different levels of an organisation.</p> <p>Panelists:</p> <p>Tejal Tyagi, Senior Director EHS for Africa, Middle East and South Asia, PepsiCo (moderator) Dr. Pramod Pandey, Ph.D., Global Health & Safety Engineering Leader (Corporate), Group Health and Safety, Philips Sadashiv Hiremath, Regional HSE Manager India & SEA, Foseco</p>
