About OSH India

Legacy & Theme of 2024

Celebrating 13 Years of Excellence at OSH India Expo 2024 - South Asia's Largest Occupational Safety & Health Event!

Building on the Big, Bold, Better theme, OSH India Expo 2024 marks another milestone in its legacy of driving innovation, collaboration, and commitment to elevating global workplace safety standards. For over a decade, OSH India has brought together top international exhibitors, global experts, industry leaders, and key government officials to explore the latest solutions and set new benchmarks for safety.

This year, OSH India Expo offered a bigger, bolder platform to showcase leading-edge innovations in occupational safety, where top solutions, technological advancements, and global best practices converge. With every edition, we've raised the bar, and in 2024, we're proud to continue this legacy as we aim to set even higher standards for workplace safety.

As we move toward our 12th Edition in 2025, OSH India remains committed to transforming workplace safety across the globe through collaboration and innovation. The future of safety is now, and we invite you to be part of this transformative journey to shape the workplaces of tomorrow. Together, let's take workplace safety to new heights!

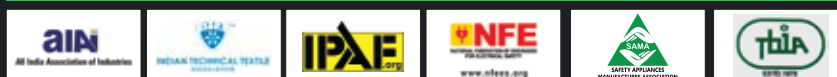

OSH Industry Outlook 2025

- The health and safety landscape in 2025 will be shaped by advancements in construction safety, flexible working, technology, mental health awareness, and sustainability. For organisations, staying ahead of the curb with any potential changes is not just about compliance—it's about creating safer, healthier, and more productive workplaces.
- India's OSH market is projected to reach USD 17.86 billion by 2030, growing at an impressive CAGR of 11.1%, highlighting the sector's pivotal role in economic growth.
- The concept of the workplace has shifted dramatically in recent years due to the COVID-19 pandemic and the increasing desire for more flexible working. As home and flexible working become standard, health and safety legislation continues to evolve each year to keep pace.
- Employers are increasingly responsible for assessing risks associated with remote work, including workstation ergonomics (DSE - Display Screen Equipment assessments), mental wellbeing, and even home electrical safety.
- As we approach 2025, the health and safety legislative landscape in India is poised for significant change. Legislation is evolving to address new challenges, including shifts in workplace environments, advances in technology, and a heightened focus on sustainability and mental health. Staying informed is critical for organizations aiming to remain compliant and safeguard their workforce.
- In 2025, we may see employers held to higher standards for mental health support, with potential updates to enforce parity between mental and physical health considerations.
- The lines between corporate social responsibility (CSR), sustainability, and health and safety are becoming increasingly intertwined as we enter an increasingly climate-conscious era. Organizations are expected to take a more holistic approach, recognizing that environmental and social initiatives directly impact workplace safety.

MEDIA PARTNERS

Key Features

Comprehensive Exhibition

Showcase groundbreaking safety technologies and solutions across industries like manufacturing, construction, and pharmaceuticals.

01

World-Class Conferences

Gain insights from industry experts on trending topics like ESG integration, workplace mental health, and regulatory updates.

02

Live Demonstrations

Experience cutting-edge products in action, ensuring attendees make well-informed decisions.

03

Recognition with OSH Awards

Celebrate excellence and innovation in workplace safety with prestigious industry accolades.

04

Integrated Marketplace

Source innovative solutions and connect with international manufacturers under one roof.

05

OSH Gurukul Conference 2025: Elevating HSE for a Globally Competitive Workforce

OSH India 2025 features a power-packed two-day conference where all stakeholders—Government/PSU officials, HSE gurus, industry associations and OSH evangelists come together to discuss occupational safety and health as a priority for companies, while reiterating the significance and business benefits of investing in the health and safety of workforce. OSH India regularly spreads awareness regarding the importance of occupational safety and health for working women, people working at heights and those working with hazardous substances, workplace ergonomics, and mental wellbeing.

OSH India conference will provide leadership insights and help empower safety and productivity at work. Each session provides the most comprehensive information needed to meet regulations and overcome industry challenges. You will have the opportunity to meet professionals from every industry, explore the latest trends in occupational safety and health while making new contacts at the Expo.

Key topics include:

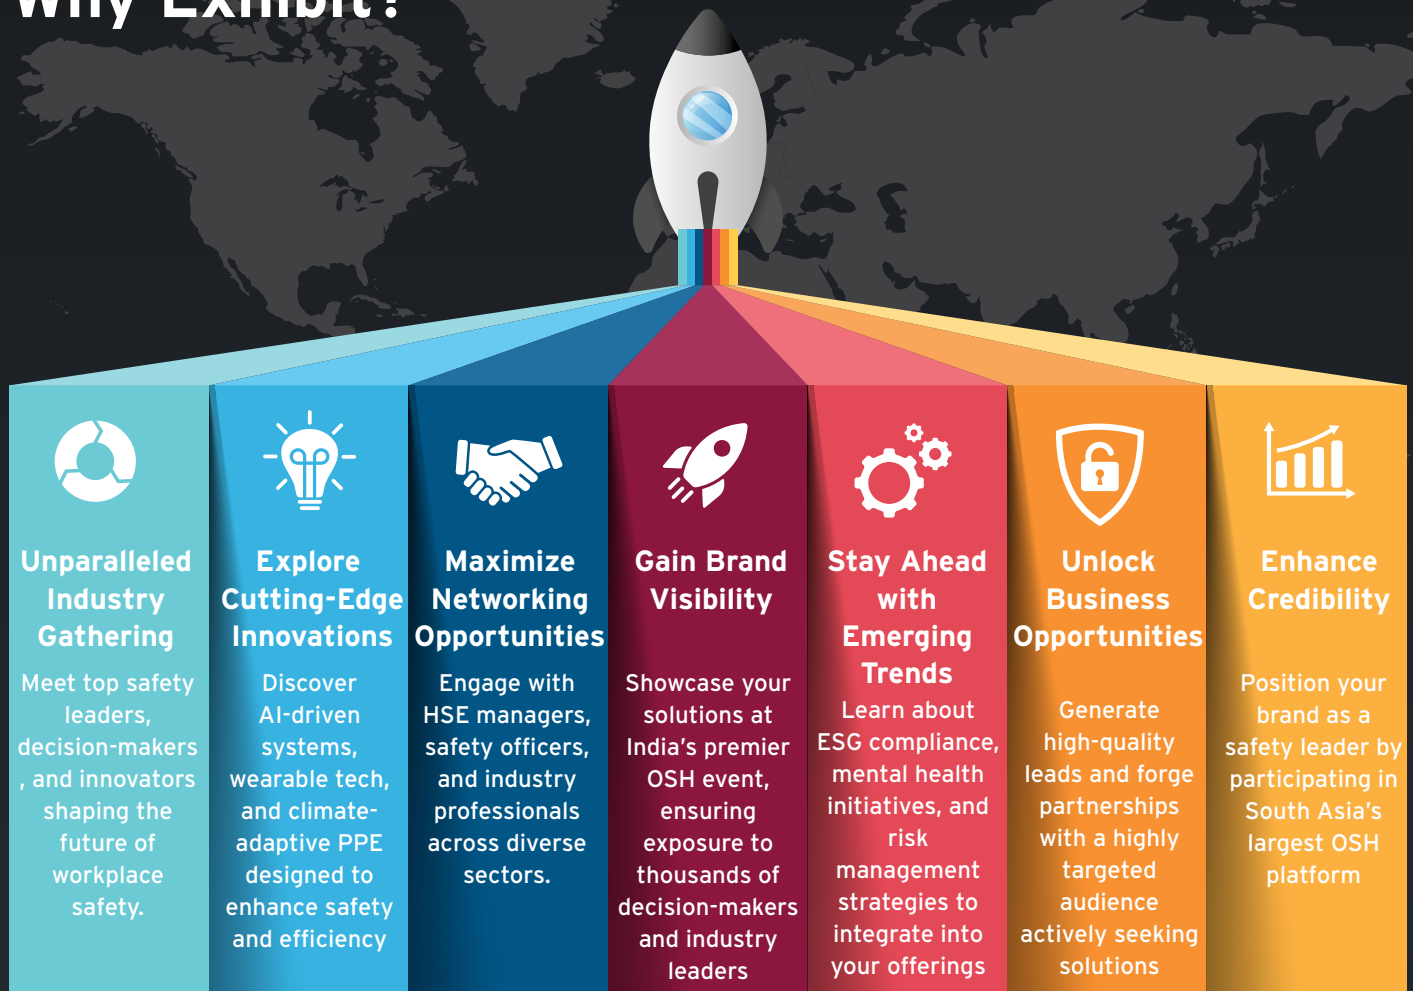

- Leader's Role in Implementing Mental Wellbeing Culture Within Organisations
- The Right Approach in Handling of Hazardous Substances and Chemicals at Workplaces
- The Role and Need for Power Access Equipment at Construction Sites (Workshop)
- Carrying Out Fire Safety Audits in Vulnerable Places
- Step-by-Step Guide to Disaster Management/Crisis Management
- Ensuring Level Playing Field for Women in Workplace Health and Safety
- Changing the Mindsets in Construction Industry Regarding Implementation of HSE Processes
- OSH Best Practices for Controlling Debilitating Injuries to Workers
- Promoting Green Initiatives as Part of Occupational Safety and Health

Who should attend

- Health And Safety Directors/Group Managers/Heads of Occupational Safety & Health
- High-level government officials, high-level decision-makers in the public and private sectors
- Chief Executive Officers (CEOs) and labour leaders
- Occupational Safety and Health (OSH) professionals such as safety engineers, safety technicians
- Occupational hygienists, scientists
- Occupational physicians and others dealing with occupational medicine
- Labour inspectors and safety and health inspectors
- Instructors, trainers and teachers in the field of OSH education
- Trade unions, workers and their representatives
- Manufacturers and importers of safety materials and safety equipment
- Safety Consultants
- Safety Engineers / Experts / Officers
- Disaster management experts
- Facility Managers
- Municipal Authorities
- HSE auditors

Why Exhibit?

Why Visit OSH India 2025?

A Global Marketplace

- With 200+ Brands, source cutting-edge safety solutions from across the globe, all under one roof.

Discover New Products & Innovations

- Uncover groundbreaking technologies and disruptive solutions that redefine workplace safety and efficiency.

Smarter Decision-Making

- Witness live product demonstrations, compare solutions on the spot, and consult with experts to make informed choices.

Unmatched Networking Opportunities

- Connect with safety professionals, decision-makers, and industry leaders to forge partnerships and strengthen relationships.

Be Inspired

- Gain actionable insights from world-class conferences and workshops led by global safety experts.

Stay Ahead of Trends

- Learn the latest strategies and emerging trends shaping the safety industry through educational sessions and discussions.

Connect with Global Manufacturers

- Meet international brands and explore opportunities to expand your product portfolio and partnerships.

Visitor Experiences That Exceed Expectations

- OSH India 2025 is your one-stop destination for innovation, collaboration, and growth in the occupational safety and health sector.

Dignitary Testimonials

Ram Bhagirathbhai Digambarao Dahiphale, Additional Director, DISH Maharashtra

"Events like OSH India are crucial for raising awareness about occupational safety among workers, industries, and industry bodies. With over 250 global brands showcased under one roof and conferences addressing the latest topics, OSH India sends a strong message about workplace safety. I urge the OSH India team to continue organizing such impactful events. As a key industry body, DISH fully supports this initiative."

G.S. Baveja, President, Mumbai Chapter, NFE, India

"I'm grateful to OSH India for making me part of this event. The exhibition features innovative safety products and provides valuable learning opportunities from the people and brands showcasing new solutions. The conference sessions I attended were meticulously planned, offering insightful discussions on key industry trends."

Satish Shetty (Anna), President, Taloja Industrial Association

"This is a remarkable exhibition featuring over 170 top brands showcasing advanced safety equipment and technologies. Occupational safety and health are critical aspects for every industry, and OSH India has created an invaluable platform to promote their adoption. We're thankful for their efforts in bringing this together."

Visitor Testimonials

“

Raj Kumar Paul,
AVP-EHS, Tata Projects Ltd.

"This is an excellent forum for all industry segments, including manufacturing, construction, logistics, and beyond. This forum allows all industries to come together to know products & solutions, with various stalls showcasing varied technologies & solutions that will help reduce risk & optimize cost for their organisations."

“

Dharmesh Chovatiya, Asst. Manager,
Health & Safety, Heavy Engineering,
Hazira

"I've been visiting OSH India since 2017. It's an incredible opportunity for every safety professional to explore advancements in safety, environment, and digital solutions. The expo is also fantastic for networking, connecting with key industry professionals, and discovering solutions for health, safety, and the environment."

“

Omkar Patil,
Engineer, Reda Chemicals Ltd.

"The show brings together innovative ideas for workplace safety professionals. With great products on display, I strongly encourage safety professionals to visit this exceptional platform for ideas, solutions, and interactions with the biggest brands."

“

Pravin Shinde,
Roche, SHE & Sustainability Lead

"OSH India Expo is a fantastic platform to connect with fellow safety professionals, which is why it stands as South Asia's largest safety show. The event showcases a wide variety of technologies and offers conferences on insightful topics, helping us stay updated on upcoming trends and innovations. It's truly a holistic experience."

“

Durganand Thakur,
Vice-President, Vodafone Idea Ltd.

"OSH India is an ideal forum for buyers and suppliers, with conferences that excel in knowledge sharing. The event enables me to connect with key OSH professionals and gain valuable industry insights. I strongly encourage the OSH community to join and continue participating in this exceptional event."

Exhibitor Testimonials

Sergio Di Vincenzo, Export Manager, Lenard Technical Fabrics

"We aimed to connect with key clients and expand our presence in the Indian market. OSH India 2024 provided us with an excellent experience, including numerous meetings and valuable contacts to grow our business. It's a fantastic platform to establish our brand in this market."

Indika Kulathunga, Director, Sales & Marketing, Dipped Products PLC

"As a Sri Lankan company with a global footprint, OSH India is one of the best trade shows we've attended. We've gained many new customers and met strong distributors. This event brings together top PPE users and distributors, and I expect it to grow even further in the coming years."

M.D. Rafi, Founder & CEO, BisonLife Global

"We're thrilled to be part of OSH India 2024, where we are launching our brand in India. The event has been fantastic, with strong leads and meaningful interactions with industry experts. OSH India is a hub for safety solutions, and we're excited to be at the center of this thriving industry."

Mahesh Kudov, Chairman & MD, Venus Safety & Health Pvt Ltd., and President, SAMA

"We've been associated with OSH India since its inception, and it has only grown over the years. Today, this event matches the stature of an international exhibition, with impeccable organization, conferences, and booths. Few events globally match this level. I encourage more manufacturers in India to utilize this exceptional platform to showcase their offerings."

Rajeev Narang, CMO, Hillson

"This year's OSH India has been significantly larger, with increased footfall and higher-quality visitors. We launched our latest product—the lightest safety footwear by Hillson—at this platform. The event's scale and networking opportunities make it the perfect place to showcase new products and connect with buyers and distributors."

Marketing & Communications:

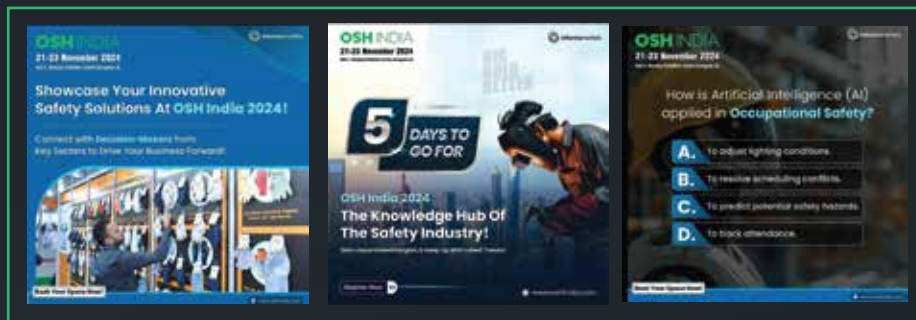

OSH Everywhere - A Year-on-Year Initiative by OSH India

OSH EVERYWHERE

Promoting Healthy Workplaces

OSH Everywhere is a year-round initiative aimed at uniting the global OSH community by sharing workplace safety stories, innovations, and impactful solutions. Launched under the banner of OSH India, this campaign fosters knowledge sharing, community engagement, and celebrates excellence in workplace safety. The initiative designed to unite and elevate the occupational safety and health community. This campaign invites you to share your most inspiring workplace safety stories and innovations, fostering a collaborative environment for learning and growth. Participants are invited to submit inspiring stories and innovations that address safety challenges. Exceptional entries will be showcased at the OSH Awards, with top submissions winning a round-trip ticket to OSH India 2025. By keeping workplace safety at the forefront year-round, OSH Everywhere aims to build a culture of innovation and collaboration. Exhibitors and speakers are key to amplifying the campaign's reach and impact. OSH India, South Asia's largest safety event, will host the 13th edition from Nov 27-29th, 2025, in Mumbai. Join OSH Everywhere to contribute to a safer, healthier future for workplaces worldwide.

OSH India Safety Fashion Walk 2024

The OSH Safety Fashion Walk at OSH India Expo is a dynamic and innovative event that combines safety and style, highlighting the latest in personal protective equipment (PPE) and workwear. This runway-style showcase features top safety brands presenting their cutting-edge products in a creative and engaging manner. The event emphasizes that safety gear can be both functional and fashionable, challenging the perception that protective equipment is purely utilitarian.

Designed to raise awareness about the importance of proper safety wear, the Safety Fashion Walk educates attendees on the latest industry standards and innovations in workplace protection. It also provides a platform for brands to demonstrate their new products, fostering collaboration and knowledge-sharing within the safety community.

With its unique blend of fashion and safety, the OSH Safety Fashion Walk encourages industries to prioritize workplace safety without sacrificing comfort or style, contributing to the ongoing improvement of global safety standards.
