SEE YOU THERE

OSH India - Mumbai

23rd – 24th Nov. 2017, CIDCO Exhibition Centre, Vashi, Navi Mumbai

UBM India launched the 6th edition of the Occupational Safety & Health (OSH) India (23rd – 24th November 2017) safety show at the CIDCO Exhibition Centre, Vashi, Navi Mumbai. The show brought together internationally renowned exhibitors, consultants, business experts and key government officials all under one common platform, to discuss best global practices and seek solutions to some of the most pressing challenges in the field of workplace safety and health.

The inaugural ceremony of OSH India, 2017 took place in the presence of Key Dignitaries, Shri. Sudhakar Prabhu Rathod, Director, Directorate of Industrial Safety & Health, The Department of Labour, Government of Maharashtra, Santosh Warri K CFO & Advisor, MIDC, Government of Maharashtra, Arvind Mandke, Chief Fire Officer, CIDCO, Government of Maharashtra, Pankaj Jain, Group Director, UBM India Pvt Ltd and Yogesh Mudras, Managing Director, UBM India amidst an august industry gathering.

OSH India is the country's definitive annual exhibition for the safety industry that attracts brands worldwide and facilitates ways to incorporate best practices at the workplace, especially to promote health and safety within it. The expo is supported by DISH (Directorate of Industrial Safety and Health) – Maharashtra, Gujarat and Tamil Nadu ; Gujarat Safety Council; Indian Technical Textile Association; Taloja Industrial Association; Thane Manufacturer Association and Indian Society of Ergonomics.

The expo also included a dedicated two day knowledge sharing classroom session on Powered Access conducted by the International Powered Access Federation (IPAF). This session promotes the safe and effective use of powered access in India.

OSH India - Mumbai 2018

29th – 30th November 2018, Bombay Exhibition Centre, Mumbai

South Asia's largest occupational safety & health event, OSH India Expo brings together internationally renowned exhibitors, consultants, business experts and key government officials on an industry platform. The show facilitates exchanges of global best practices and seeks solutions for challenges in upholding workplace safety and health. The show witness safety professionals from across India .

This year OSH Expo is held at Bombay Exhibition Centre,Goregoan, Mumbai located ideally in the middle of the city on 29th - 30th November, 2018

Maharashtra and Gujarat are two of the most economically advanced states of India. Maharashtra is considered the richest state in India and is the financial capital. Gujarat is known for its ease of trade operations, well established economic zones help international companies to setup manufacturing facilities here.

Maharashtra is the most industrialised state in India and has maintained the leading position in the industrial sector in the country. As per advance estimates real GSDP for 2016-17 is expected to be ₹18,15,498 crore. The Indian economy is expected to grow by 7.1 per cent during 2016-17.On the other hand Gujarat GDP amount to ₹12.75 lakh crore (US\$200 billion) (2016-17)

According to Maharashtra Industrial Development Corporation (MIDC), about US\$ 648 million has been invested by the corporation for various projects in Mumbai, providing employment to about 50,000 people in the area.

Maharashtra has emerged as a key hub for Pharmaceuticals, Biotechnology, Electronics, Engineering, Auto & auto components, Chemicals, Oil & gas, Textiles industries.while Gujarat is a leader in industrial sectors such as chemicals, petrochemicals, drugs and pharmaceuticals, cement and ceramics, textiles and engineering.

Maharashtra accounts for approximately 35.1% of the country's output of automobiles by value.The major automobile centres in the state include Pune, Nasik, Aurangabad and Nagpur. Pune is the largest auto hub of India with over 4,000 manufacturing units in the Pimpri-Chinchwad region alone.

Maharashtra has a strong presence in the petrochemicals and oil and gas sectors. Mumbai, Nagothane, Rabale and Patalganga are major petrochemical hubs, while Thane, Mumbai, Pune and Wardha are chemical hubs

In addition, Gujarat has many ports. Gujarat's ports have been instrumental in the country's trade from the beginning of its history. This state has the largest ship breaking yard in the world and the largest grass root refineries.

Considering the immense industrial opportunities both of these states have UBM has chosen the venue at Goregaon, Mumbai.

Advantages of Bombay Exhibition Centre for OSH India

- The centre is ideally situated along the Western Express Highway in Goregaon, within 10 minutes from airports, walking distance from train stations and a 20 minute drive from the heart of the city
- Each hall is Wi-Fi enabled, has ample height, is well air-conditioned and has tough flooring that can withstand even the heaviest machinery. Also, due to ample power infrastructure, every single machine in the exhibit area can be powered and made operational to display its features

Features that safeguard
the growth of your business.

OSH India awards

Visitors from **25** Indian States & **14** Countries

160+
National and International
Exhibitors

60+ International Speakers

200+
Delegates

150+ Award Nominees from different
industrial sectors

Converging Occupational Safety and Health With Business

OCCUPATIONAL HEALTH

Occupational health aims to promote and maintain the highest degree of physical, mental and social wellbeing of workers in all roles. Focusing on the working conditions and the risks workers take in adverse working conditions. Along with safety from physical injuries, it is also imperative that employers take care of the mental health and hygiene of their workforce and strive to keep a disease free work environment. OSH India aims to bring industrial hygienists, nurses, safety professionals, environmental health specialists, CMOs, Doctors and consultants on one platform for the industry to benefit. A forum to spread awareness, brainstorm ideas and exchange best practices from which the industry benefits.

ERGONOMICS

EFFICIENCY + COMFORT = INCREASED PRODUCTIVITY

When it comes to ergonomics, "An ounce of prevention is worth a pound of cure". Even a little preventative effort will often pay off. Workplace ergonomics protects the health of the workers by reducing the risk of injury and removing inefficiencies. OSH India is committed to spread awareness of the importance of ergonomics at workplace by bringing industry experts and consultants of ergonomics all under one roof. By visiting OSH India you will discover fresh approaches and solutions on ergonomics that will ensure your workforce's productivity and profitability in turn

ROLE OF WOMEN IN OCCUPATIONAL SAFETY & HEALTH

Women in India are expected to manage both their households and work. Often subject to harsh working conditions in which they don't always get treated the way women are meant to, at times indulging into hard physical labour and stressful working conditions. Unfortunately little is being done to ensure their safety and health. OSH India is taking an initiative to create awareness on the importance of treating women correctly in occupational safety and health. This is by bringing the women who actually belong from this sector to the forefront, recognise and award success stories and appraise companies of the best practices that must be followed. All this and more through a power packed conference by eminent speakers.

OSH CONFERENCE

Connecting the dots in Occupational Safety and Health.

OSH India 2018 features a power-packed two-day conference where all stakeholders to discuss occupational safety and health as a priority for companies, while reiterating the significance and business benefits of investing in the health and safety of workforce. This year OSH India is taking the initiative to spread awareness regarding the occupational safety and health for working women, workplace ergonomics and employee health & efficiency.

OSH India 2018 will provide leadership insights and help you implement safety and productivity at work. Each session provides comprehensive information that helps meet regulations and overcome industry challenges.

KEY EXHIBITORS

Trust is secured by excellence.

OSH India 2017 gave us an opportunity to engage directly with all OSH stakeholders, especially the end users. OSH India invests to improve safety awareness in India and to assist in maturing the safety culture. Overall OSH show from UBM is a good platform for safety industry in India. It is always pleasure to be a part of OSH India events by UBM India.

Wendy Leslie Pereira, Director
Unicare Emergency Equipment Pvt. Ltd.

We appreciate UBM not only to organize such marvellous global safety and security exhibition, but successfully bringing this event to high level of global awareness. This event brings all the stakeholders to share a platform and exchange views about nitty-gritty on the subject. On behalf of all manufacturing leaders of the stream, we would like to thank UBM for giving us an opportunity for show casing our brain-storming new innovative solutions & services. Remarkably knowledge and education have found its way to print its mark in this exhibition. The seminars were also worthwhile praising, the stalwarts sharing their golden experience and knowledge to be remembered for a long while. Praising the wonderful success of UBM, we look forward to more such kind of live demonstrations of modern equipments.

Sudhir Kumar Mundhra, Director
Udyogi Plastics Pvt. Ltd.

EXHIBITOR TESTIMONIALS

OSH India brings together the best of safety industry under one roof and helps us understand the occupational safety requirements and products within the industry. We witness the awareness and willingness to embrace occupational safety and health best practices on the rise in India and do look forward to participating in future OSH exhibitions with equal vigour and business purpose

Mahesh Kudav,
Managing Director
Venus Safety and Health Pvt.Ltd.

OSH India for IPAF is an exciting event drawing key safety professionals together allowing them to have a greater understanding of safety talks and products within the market place. As IPAF we have seen an impact of safer practices in this region on a increase. Our main aim is to share knowledge information presented by industry professionals.

IPAF will continue to support the OSH India events throughout India.

OSH INDIA AWARDS 2018

The OSH India Awards were instituted by UBM India in 2013 to recognise and honour the industry's brightest stars, to identify top innovative organisations and brave employees in the country. Over the last five years the show has established itself as one of the most prestigious and coveted safety awards in India.

This platform gives an opportunity to companies and individuals to be known internationally for their efforts in occupational safety and health. OSH India Awards are open to evaluate for all processes, technologies, and systems that fuel growth through new ideas and approaches while delivering business results in the later years.

The last 5 editions of OSH India Awards have been a grand success, because of the versatility of applications, thoroughness of the evaluation process, and the presence of experts in technology, business and innovation space as the Award Jury. These Awards have been instrumental in building competitiveness among applicants, and have been able to promote and establish thought leadership within Indian industry.

Why to nominate at OSH India awards?

- Get recognized as an innovation driven organization
- Brand your business
- Get feedback on strengths and weaknesses
- Benchmark your organization
- Gain insight from best trade practices
- Get your brand promoted across all OSH communication platforms
